New flybridge enclosure

Spacious interior for 32 feet

Two staterooms with king size berth

Full galley

Fiberglass wet head

Generator (low hours)

Twin Hino 110HP diesels

Cockpit hard top

One of my personal favorites! If you’re looking for a boat that gives you plenty of room to actually enjoy being on the water without spending a fortune, this Bayliner 3288 is worth a look.

The 3288 is one of those boats that feels bigger once you step aboard. Between the spacious salon, aft cabin, galley, and flybridge, there’s plenty of room to spread out whether you’re spending the afternoon at the dock or heading out for a weekend on the water.

The flybridge is one of my favorite parts of this boat. You get a great view while underway, plenty of space to hang out, and it’s hard to beat sitting up there with a cold drink while you're anchored somewhere nice. Down below, the layout gives you the kind of space and privacy that makes overnight trips much more enjoyable.

These boats have always been popular for a reason — they offer a lot of usable space and cruising comfort in a package that's still manageable and affordable.

If you're someone who wants a boat you can actually use, enjoy, and make memories on, rather than just stare at sitting in the slip, the 3288 is a great place to start.

Come take a look, walk through her, and see if she’s the right fit for your next adventure. You might be surprised by just how much boat you get in a 32-footer.
